

LED Socket

2.54mm Pitch

Round Socket pin type

- High reliability round contact providing good electrical and mechanical performance.
- Useful for both PCB mount socket and Testing evaluation.
- Your Specific Custom Designs welcome. Consult us for details.

Specifications (Typical)

Dielectric Strength: AC400Vrms 1min

Insulation Resistance: 500MΩmin

Contact Resistance: 15mΩ max

Current rating: 5.0 A

Operating Temperature: -55°C ~ +150°C

Material

Sleeve : Brass, Au-Flash Plating over Ni

Contact : Copper Alloy, Au Plating over Ni

Insulator: High Temp. Thermoplastics Black

Acceptable Plug: $\phi 0.56 \sim \phi 0.7\text{mm}$
